PLAYA VIVA ROOMS

Playa Viva is a regenerative boutique hotel “Where Your Vacation Meets Your Values™” dedicated to a triple-bottom-line that promotes planet, people, and prosperity. Playa Viva provides an all-inclusive experience that exudes simple elegance for an authentic immersion in the luxury of nature.

Rooms

- We have several room types including our iconic treehouses. All rooms are on the beachfront with ocean views and are immersed in natural foliage.
- We have 19 total rooms across 11 Room Types that fall into three general “Villages.” These are:
 - Manta Treehouse Village,
 - EcoCasitas Village,
 - Palapa Village.

All rooms are outfitted with luxurious locally sourced organic sheets and towels, organic soap, shampoo, lotion and conditioner. All rooms have private bathrooms. Studios bathrooms are on the level below the bedroom. All new treehouse bathrooms are in the back section with the second bedroom in the loft above them.

- Playa Viva is NOT like traditional hotels where guests get a single room or share a double. These are not boxes. We recommend to group leaders that they explain to guests that going to Playa Viva is like going to Luxury Camp and they will be sharing cabins, meals and activities with other guests.
